## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

With over a decade of tutoring experience, I have worked with students across various curriculums, helping them succeed in IB, A-Level, and IGCSE Physics. My extensive background in teaching has allowed me to support students in mastering complex topics such as electromagnetism, thermodynamics, and quantum mechanics.

In addition to physics, I've helped students prepare for AP and A-Level exams, providing them with the tools they need to excel in their studies. Many of my students have gone on to pursue higher education at leading institutions, benefiting from the strong foundation built during our sessions.
