IB Teacher | University of Manchester | MSc in Computer Science

I earned an MSc in Computer Science from the University of Manchester and have been teaching IB, IGCSE, and A-Level Computer Science for 9 years. My expertise in programming, data structures, and algorithms has helped students secure spots at prestigious universities worldwide.

Teaches: IB Computer Science A-Level Computer Science IGCSE Computer Science GCSE Computer Science

Curriculum: IB A-Level GCSE IGCSE

Qualifications

University of Manchester: MSc in Computer Science (2011-2013)

University of Bristol: BSc in Information Technology (2007-2011)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. They have extensive tutoring experience with a track record of success, helping students achieve their academic goals.

Tutoring Experience

Over the past nine years, I've worked with students from various international schools, helping them navigate the complexities of IB and A-Level Computer Science. My experience includes teaching programming languages, data structures, and algorithms, all while ensuring students are well-prepared for their exams and university applications.

In addition to classroom teaching, I have served as Head of Department in an international school, where I was responsible for managing curriculum development and exam preparation strategies. Many of my students have gone on to excel in computer science programs at prestigious universities, thanks to my emphasis on both practical application and theoretical knowledge.
